Words can not express how dear our friendship has been this year. all I can say is God Bless You forever, where ever you go and whatever you do.

Remember all the great times we had during lunch, shouts, cries and thraots, ring throughout Vanduval's History. (dumb-dumb can't spell) all our various conversations about Jeff, Steve, Carole, Gary and most of all Mike. Mary don't ever forget about dear Mike, "are you Jeff?" Oh! You must be Steve then. No! I'm Mike. Way to fight!!!

Remember how Donald liked Steve and about the time wrapped in moss. Don't ever forget about the first time I talked to Steve, the famous telephone conversation. Don't forget all the times in conduct.

Well, could'nt possibly write about all of the famous things we have done together. "Big Harry Seal" Hugh?

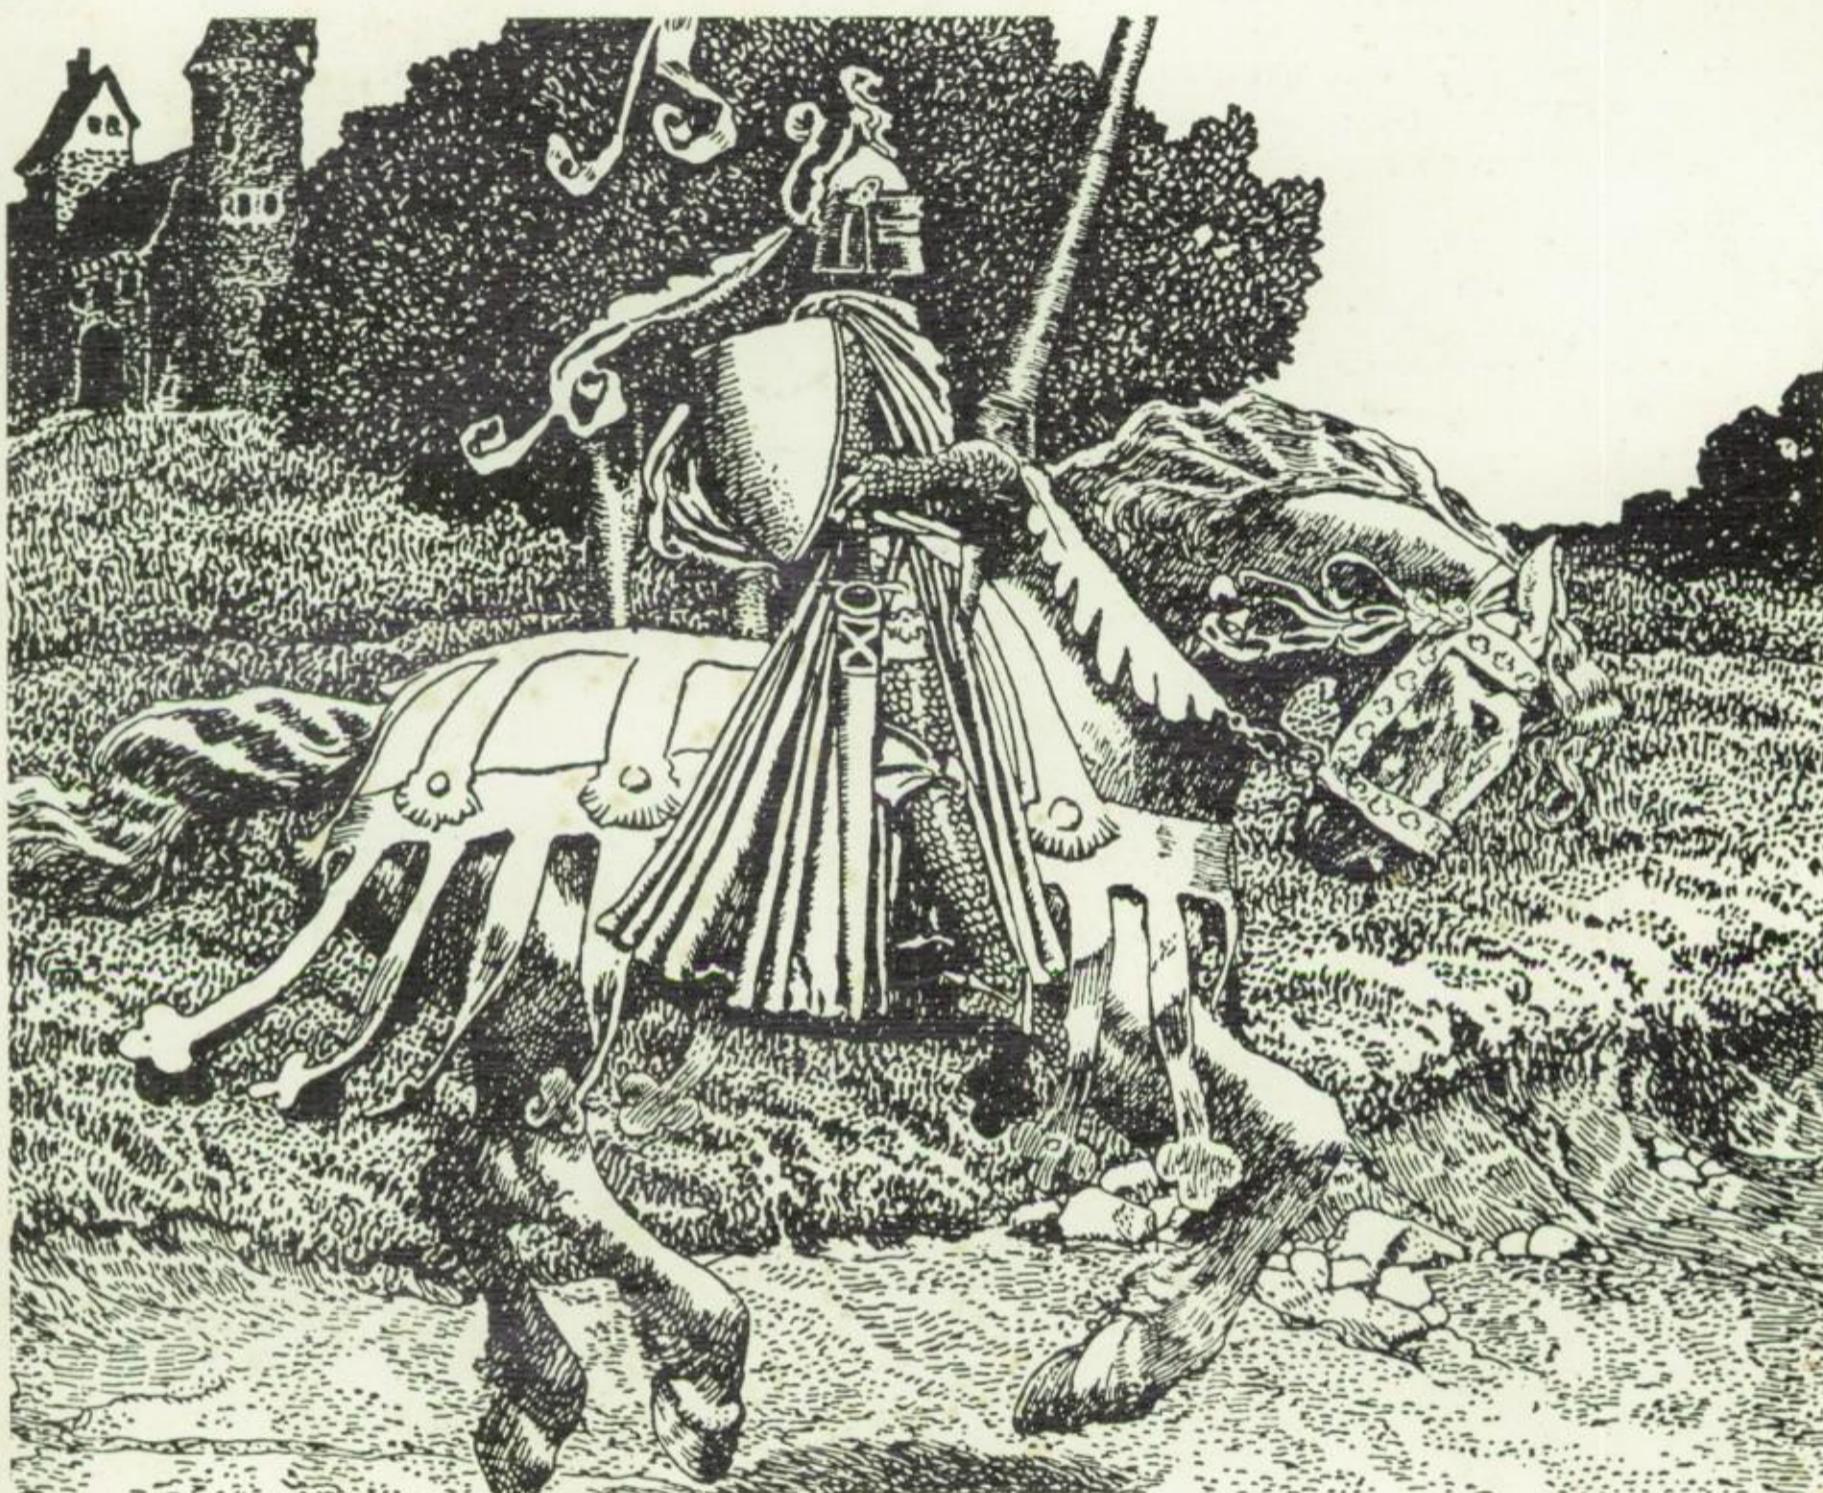

Many thanks!

School Spirit Reflects

The Glory Of Homecoming

Memorable Homecoming begins Knights' Legend

Vanguard High School's first Homecoming Queen, Miss Drema Meadows.

The first homecoming of Vanguard was one which will always be remembered. Monday of homecoming week was the Jr. vs. Sr. Powder-Puff Game which ended in a 6-6 tie. Wednesday night was the Bonfire which built spirit by a victory snake-dance and cheering. Thursday night highlighted Merlin's Magic. Five service clubs competed and receiving honors were Anchor Club placing third, "S" placing second, and Junior Exchange placing first.

This year the homecoming court and queen were chosen by our football players

— the Knights. The ten contestants were Juniors Connie Kemp, Glenda Mayweather, Debbie Toler, Christi Underwood, and Seniors Joella Gaiter, Virginia Griffin, Lyn London, Janis Luffman, Drema Meadows, and Vera Stuckman. On Friday night, at half-time, Miss Drema Meadows was crowned Homecoming Queen for 1970-71. Her final court consisted of Janis Luffman, Virginia Griffin and Vera Stuckman. Following the game there was a homecoming dance at which the Hope Ensemble played.

Boo! It's Halloween!

No doubt about what holiday is shown here. It's Halloween of course. Costumes from the early 1900's to the present day were worn. Even the teachers participated in dress-up day. There were clowns, devils, hobos, toddlers, armed service men and women, and even a mouse (eek!). It seems there is always something happening at Vanguard!

The Devil made 'em do it!

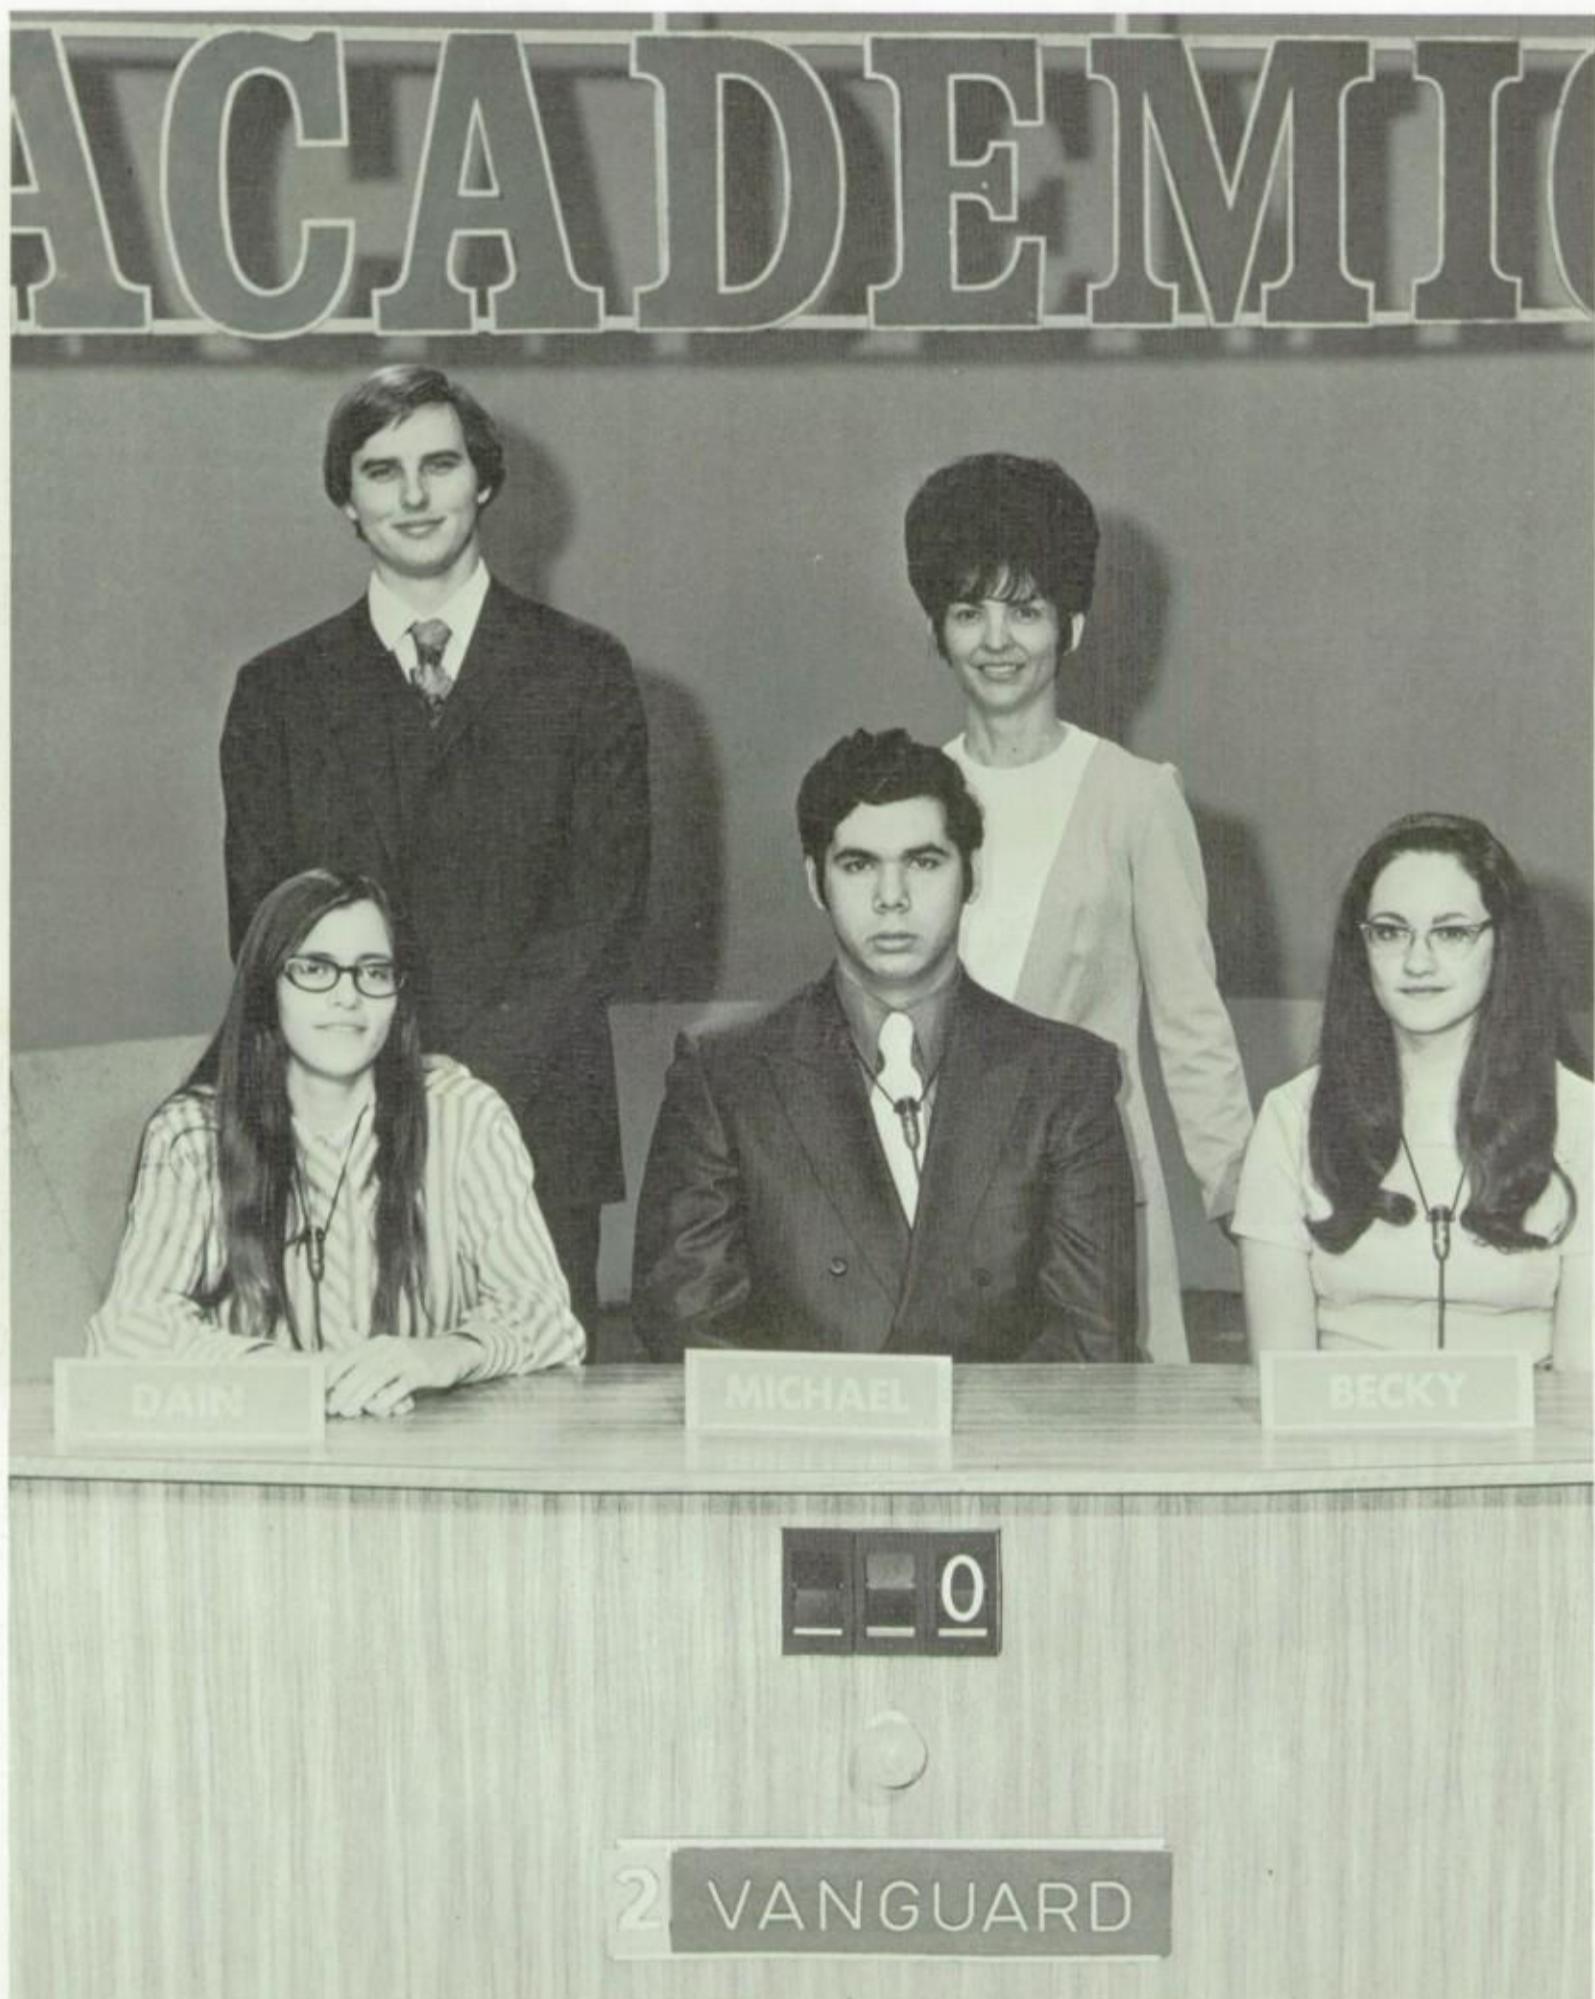

Mrs. Parker certainly has changed!

"What in the world are Connie and Debbie doing!"

Vanguard proves knowledge in its first year

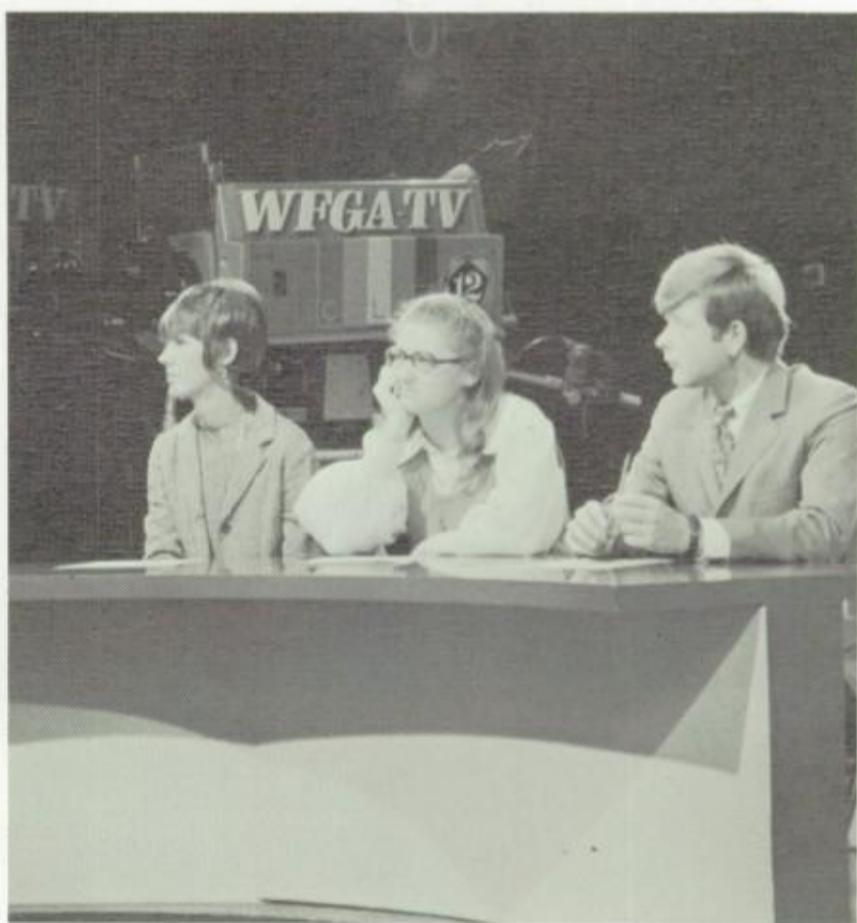

First Row: Left to right, Dain Jenson, Michael Berman, Becky Russell. Second Row: Bob Ziente, (Emcee), Mrs. Kiper.

In November, Mrs. Marion Kiper, took seventeen outstanding seniors to be screened for the television program, "It's Academic". Chosen to represent Vanguard on the show were Dain Jenson, Mike Berman, captain, and Becky Russell. The back-up team consisted of Becky Irwin, John Baker, and Mike Parrot. On November 21st, Vanguard made its appearance on the program and won its first round against Newberry and Clay County, by a wide margin of points. Cynthia Marshall served as Vanguard's student score-keeper. Upon returning to Jacksonville for their second taping, Vanguard was again victorious over Hamilton County High and Hawthorne High School. They will be going to the semi-finals in early April. We should be proud to be represented by such a fine group of students.

On their way to victory!

Cindy anxiously awaits to score for Vanguard.

The many moods of students

Senior lends a helping Shoulder

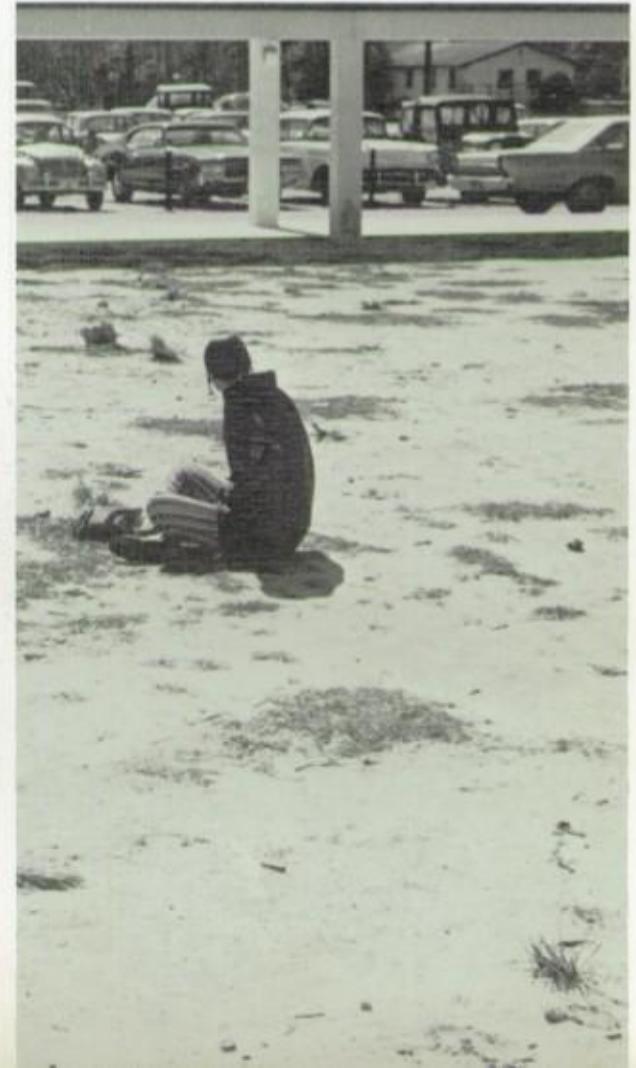

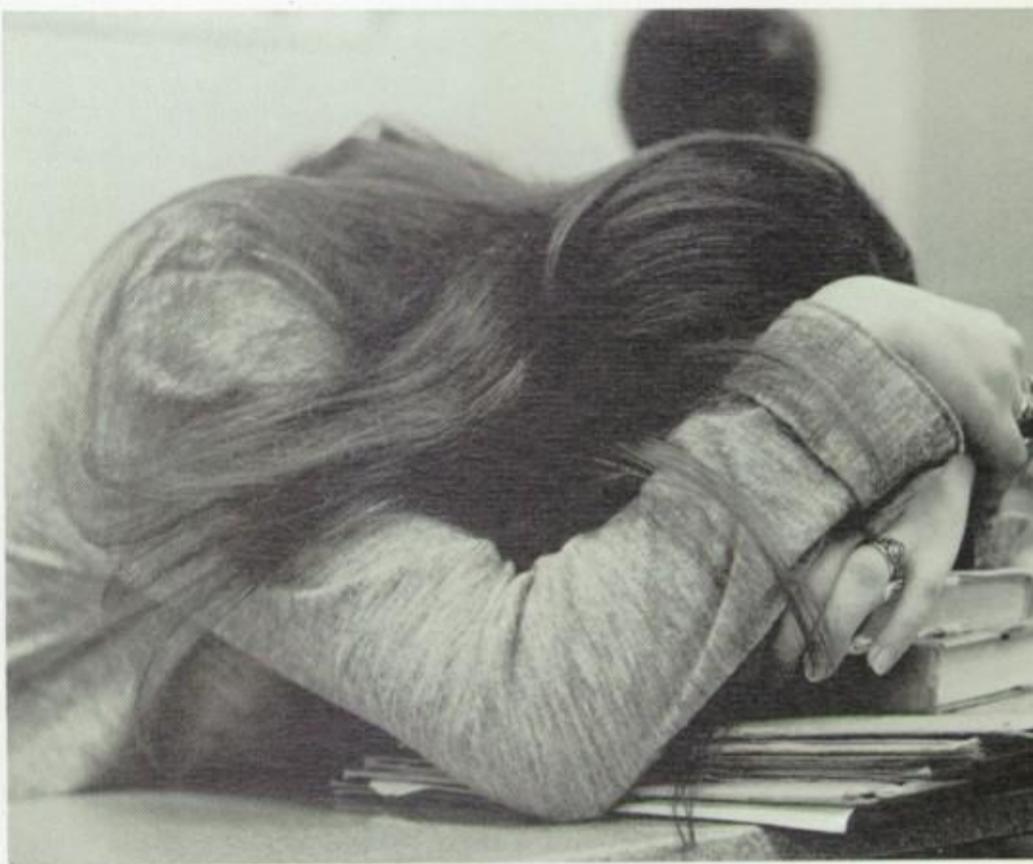

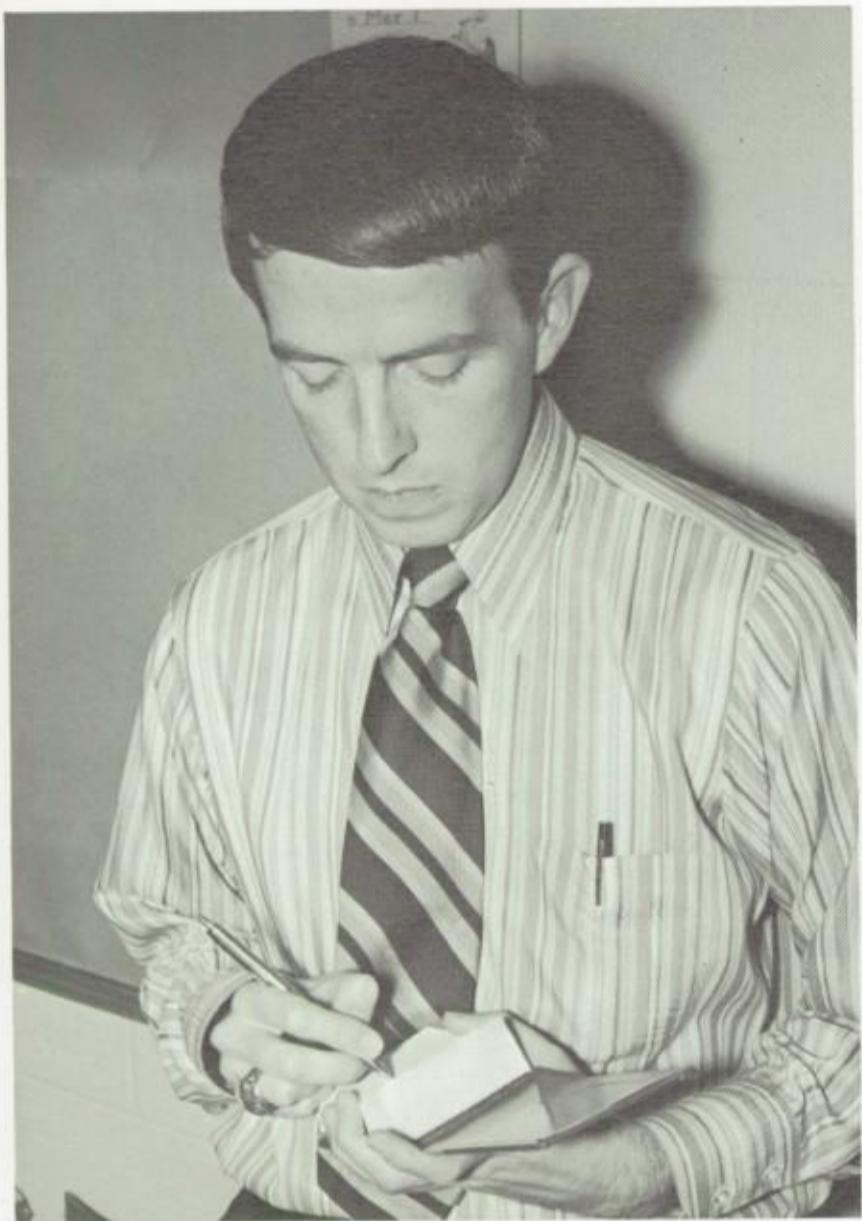

Smiles, laughter, and having a good time

The Everyday life of Vanguard

"Never knew this is what you did in the library!!"

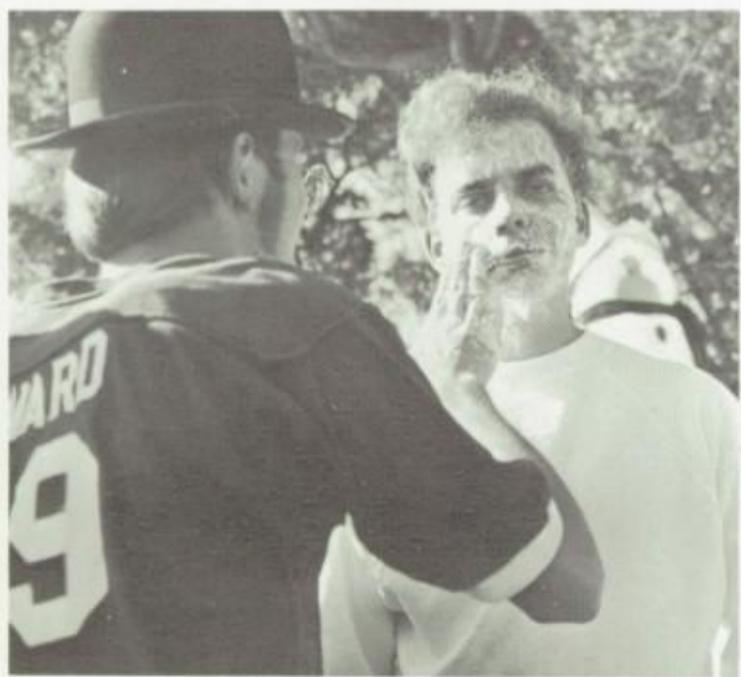

Foreign language proves interesting.

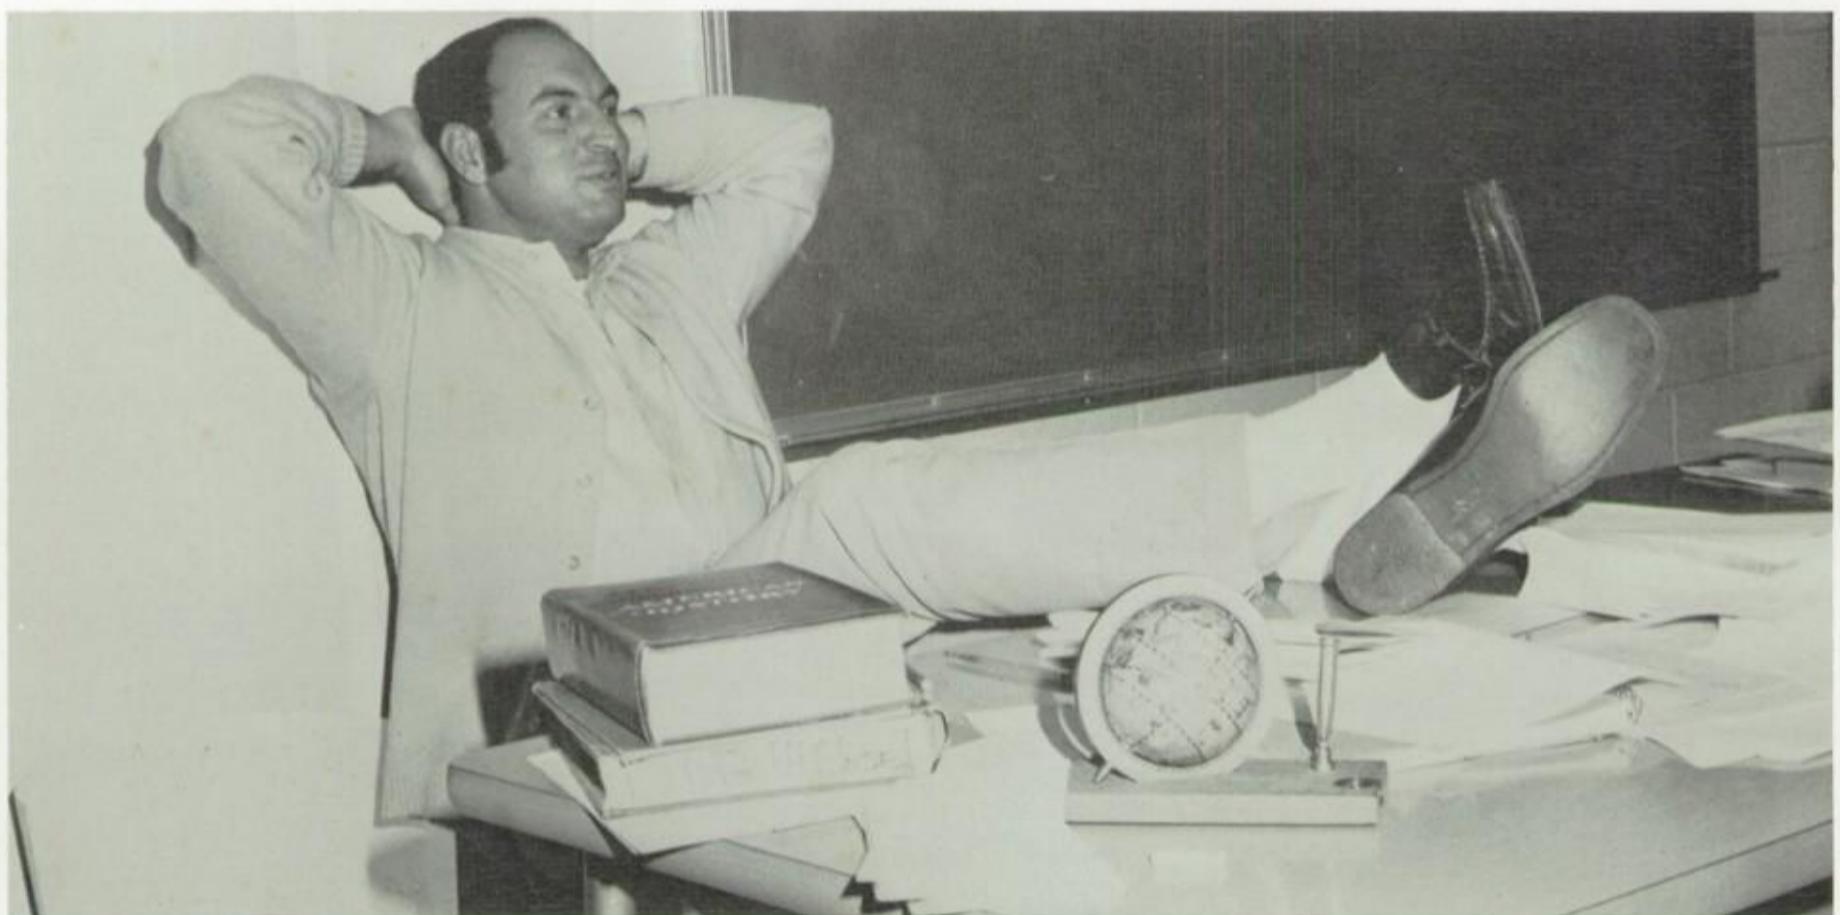

I'll write it *only* if you promise not to tell.

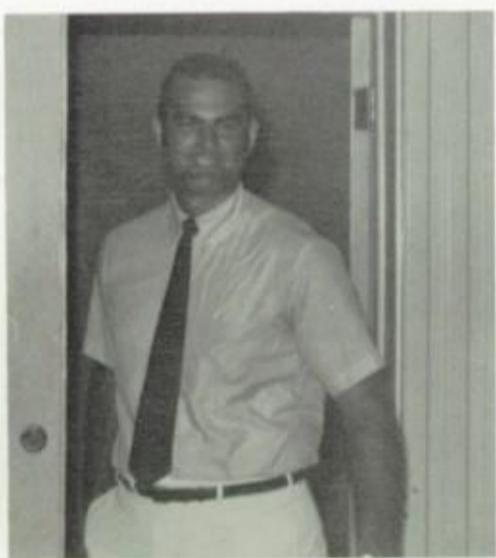

'Tis the season . . .

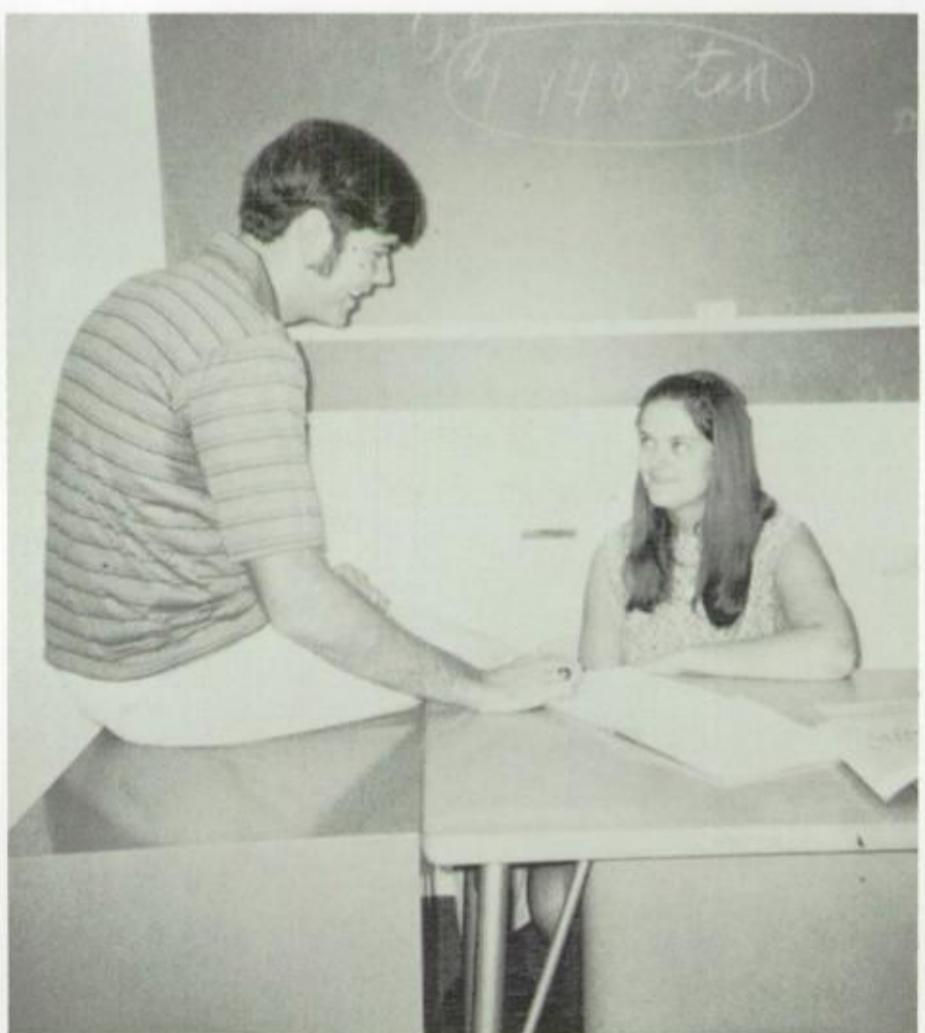

Taking a break

Typical Coach, hard at work

Good Ole Daddy Rabbit

This is student life?

Being a student

WOW!

Memories shared together

"Anything goes . . .

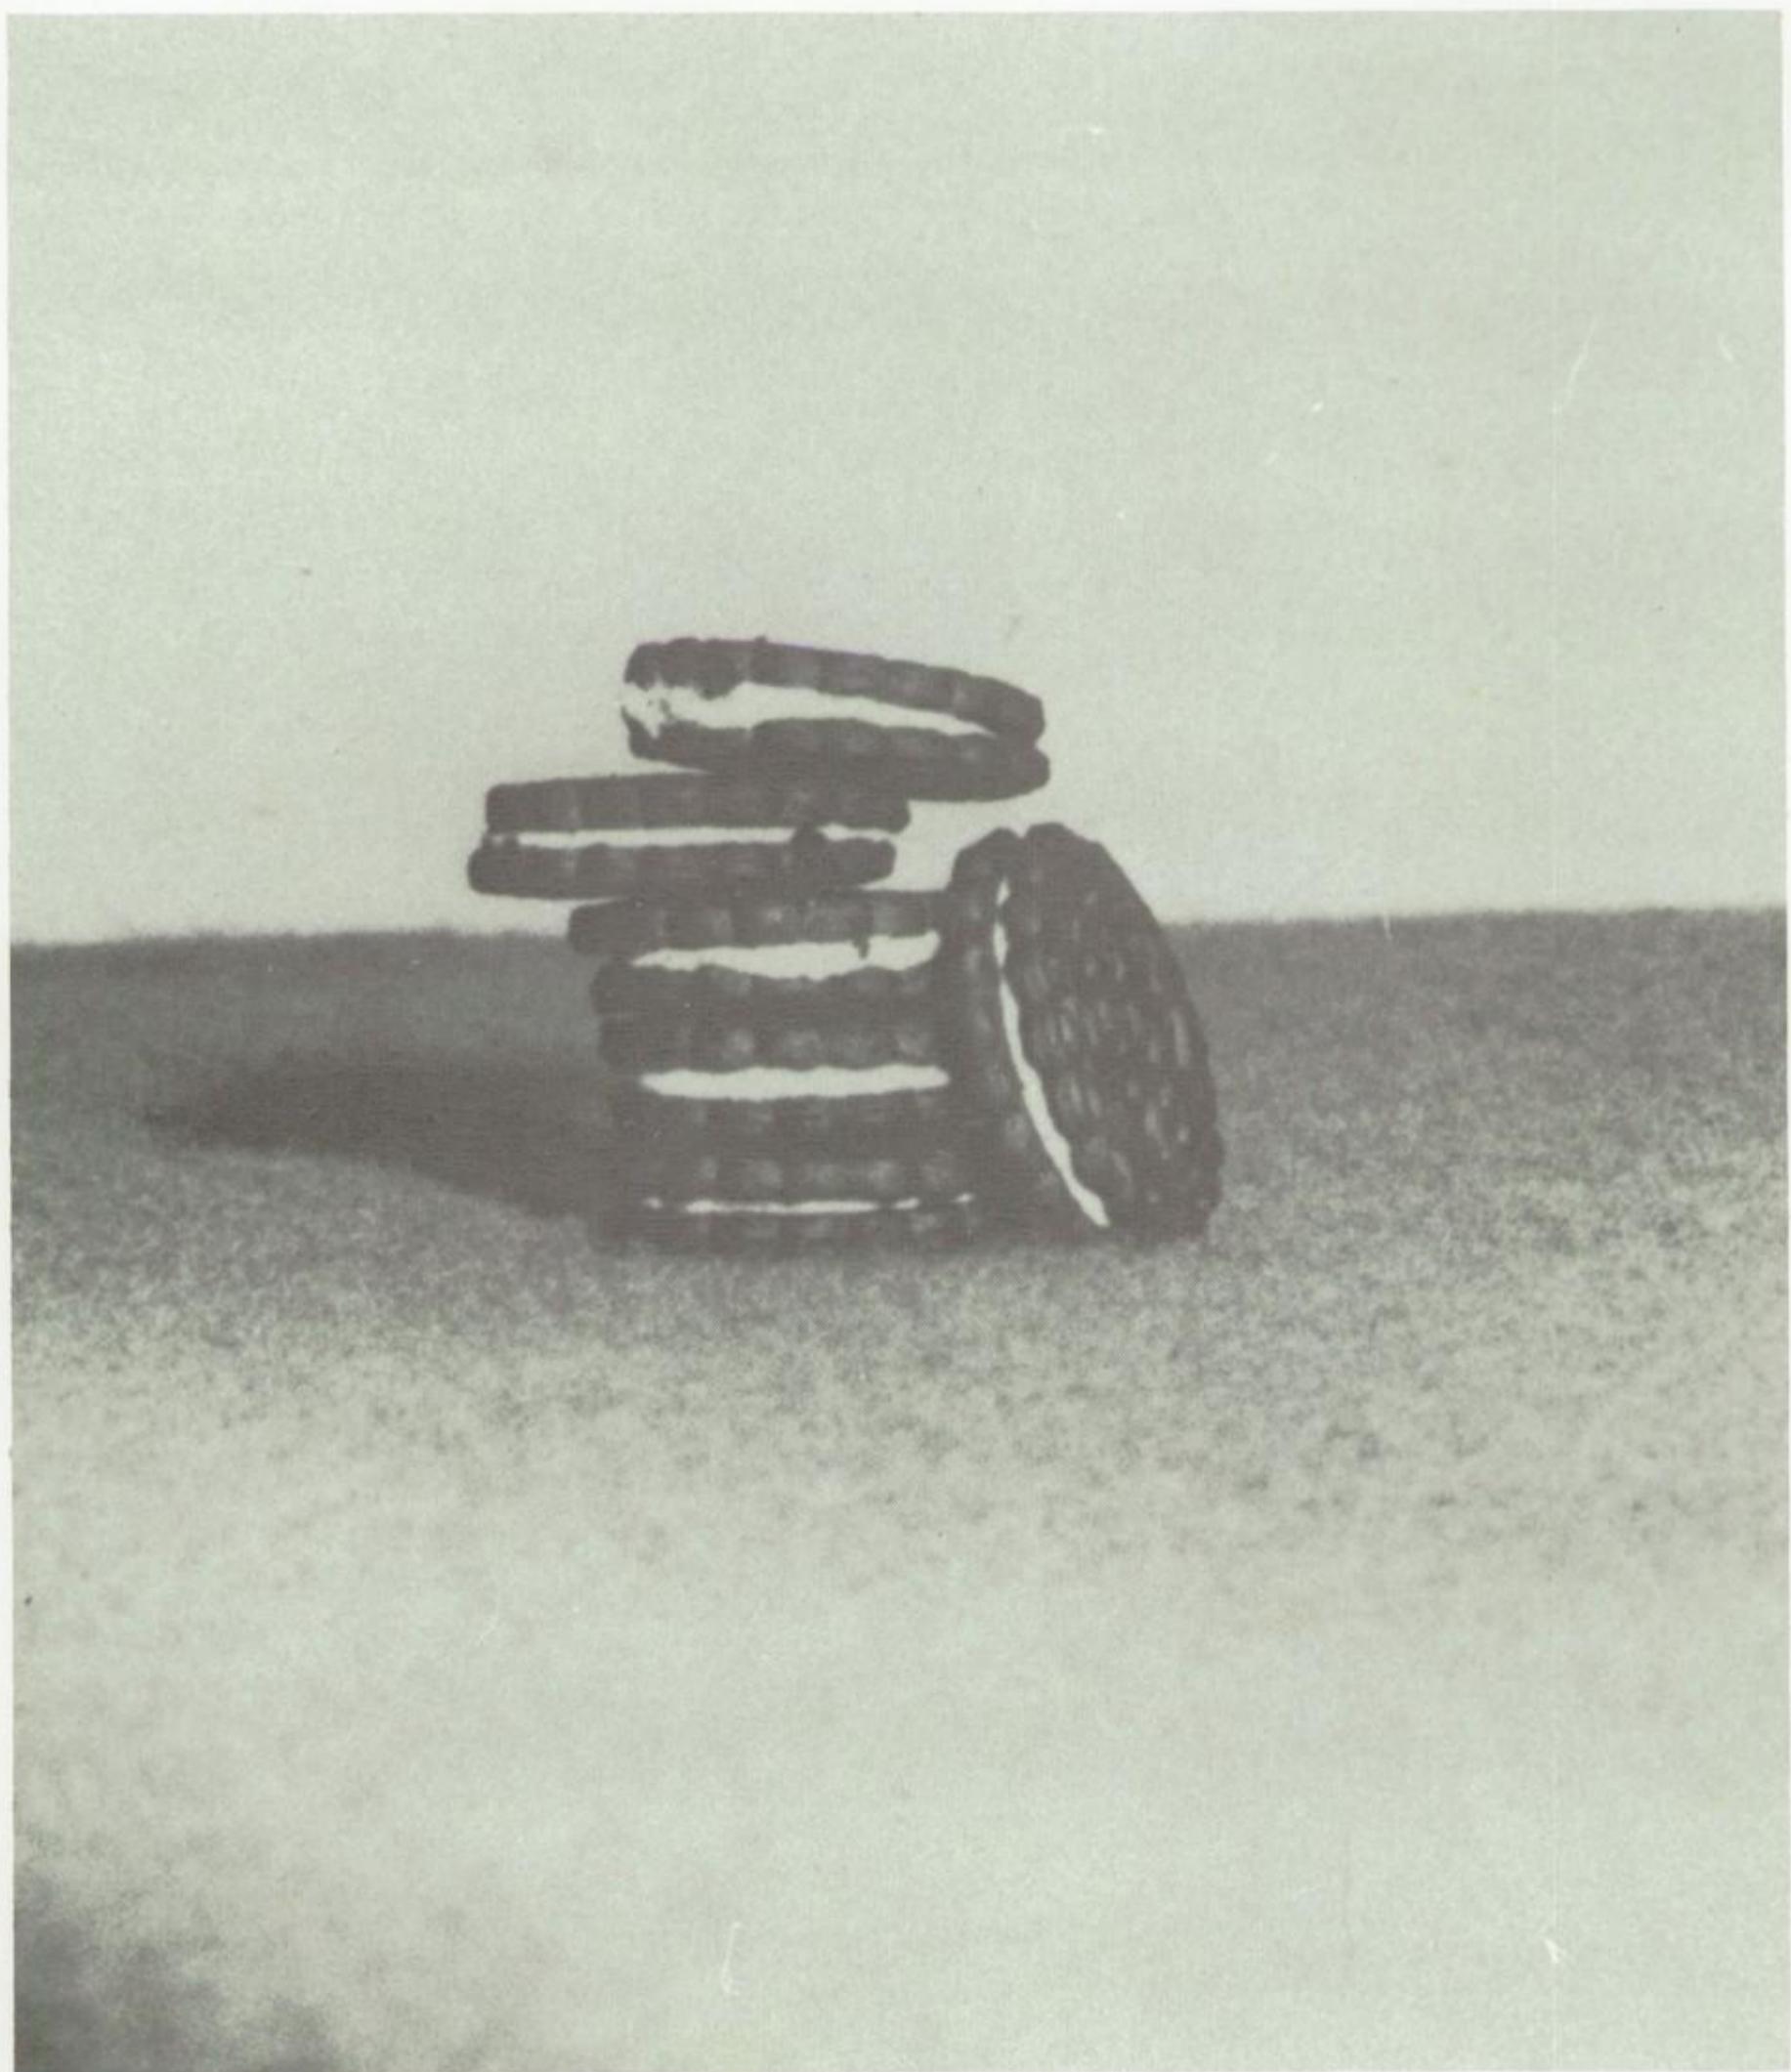

Scraping together for lunch money.

Awwwww!

. . . With oreos"

"Little girls have pretty curls, but I like Oreos" . . . Seniors?

Promise rings held an important part in the life of students at Vanguard. To some they meant a lot; to others they were just a fad. These rings symbolized a big step in the lives of many couples this year.

Going steady, hands enlaced, plans for the future, the problems faced. To each their own, being a part of each other and sharing the memories of the past year.

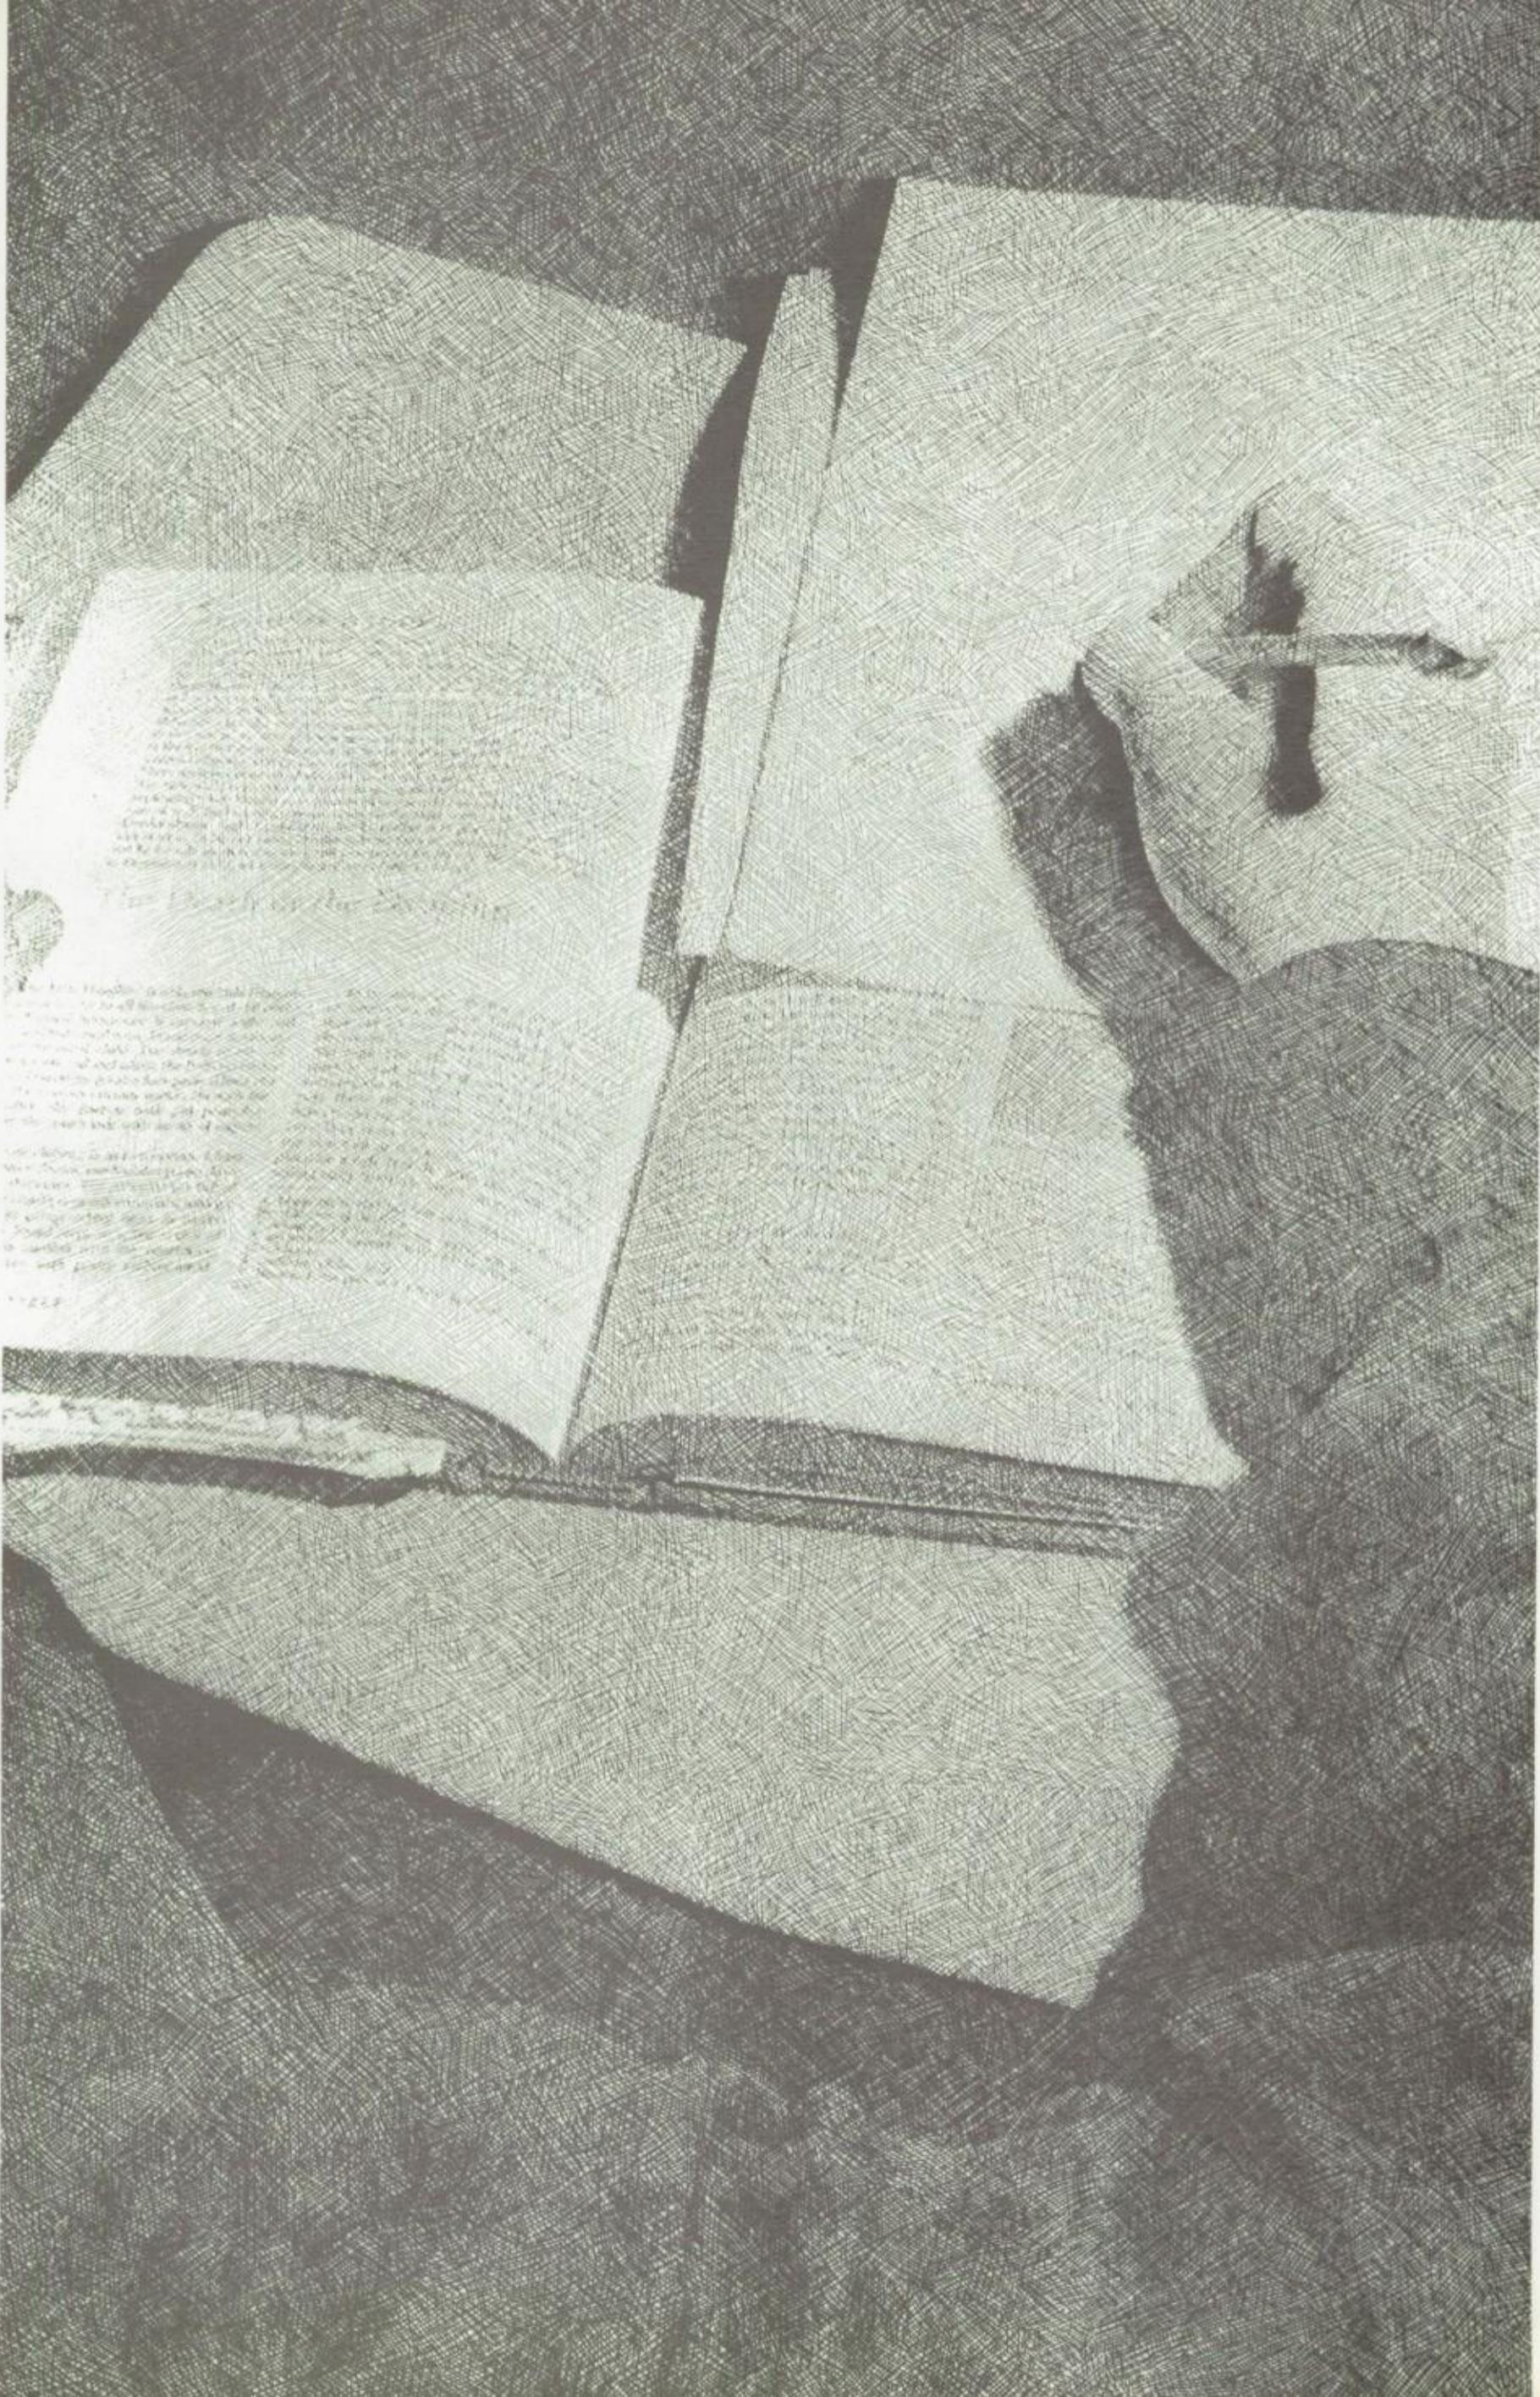

*As the school year draws to a close . . . we look
back . . . to the little things that mean so much . . .
. . . being together . . . and finding the real meaning
of a student's life.*

Administration finds new solutions to old problems

Mr. Leon Rogers, Principal, opens the door to a new era . . . Vanguard.

On August 26, 1970, Vanguard High School officially opened its doors to over 1200 students. Mr. Leon Rogers assumed the responsibility of being Vanguard's first principal and he fulfilled his duties to the fullest extent. He and his assistants, Mr. Jewett Springer, Mr. David Rowlee, and Mr. Horace Graham, had the task of bringing to the students of Vanguard new

ideas and traditions that would prevail throughout the years to come. Working also on the administrative staff were the Deans of Women, Mrs. Sharon Furman and Mrs. Thelma Parker. Throughout the year, they oriented many school activities, and, consequently, they proved to be of invaluable service to the students of Vanguard.

Mr. Horace Graham, Mr. David Rowlee, and Mr. Jewett Springer share a rare moment away from their duties as assistant principals.

The Deans of Women, Mrs. Sharon Furman and Mrs. Thelma Parker, work together to coordinate one of the many activities at Vanguard.

Faculty

Efficiency means better student services

Mrs. Jacqueline Nolin, Secretary

Utilizing Vanguard's new and modern facilities, Mrs. Jacqueline Nolin and Mrs. Janice Bloom proved their efficiency as a secretarial staff.

Mrs. Janice Bloom, Clerk-Typist

Mrs. Clara Gore, Counselor

Counselors, Mrs. Clara Gore and Mr. Lester Denkins, aided students in their plans for the future, counseled them with their personal problems, and administered the annual senior placement tests. They gave their much needed time and guidance to the students of Vanguard. The Guidance Department is one of the most important departments included within our administrative staff.

Learning through communications

Mrs. Mary Haire, Mrs. Beth Hahn,
Mrs. Sue Moran, Mrs. Mary Goodwin.

Middle left: Mrs. Alice Gertzman, Mrs.
Martha Priest.

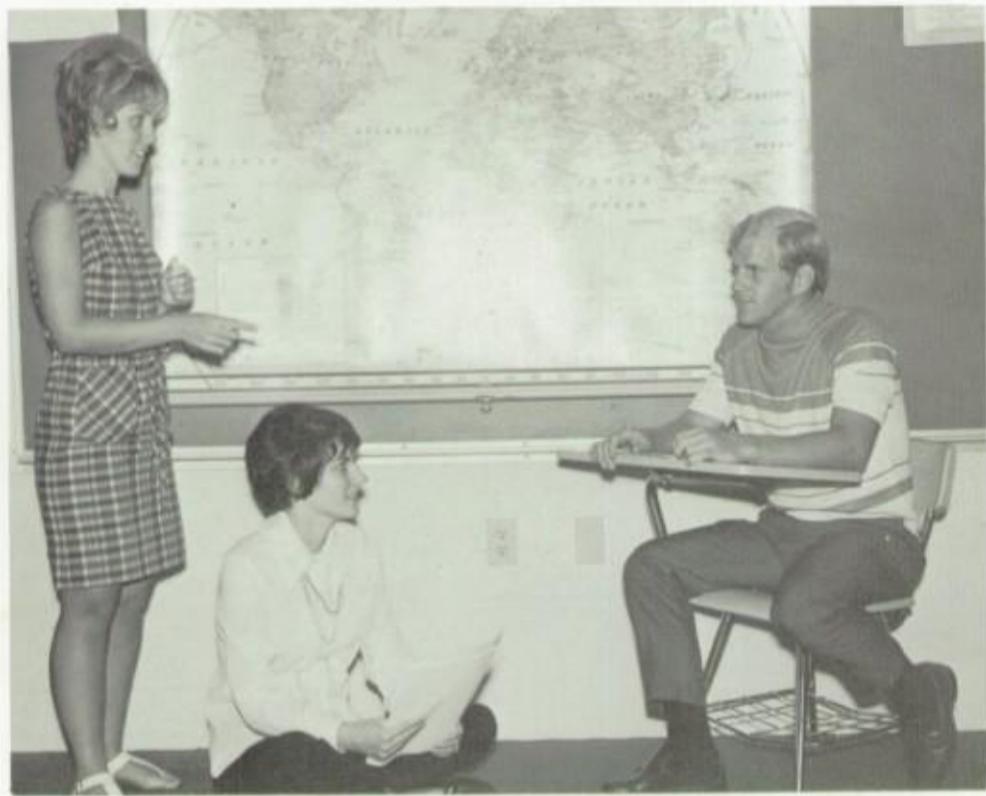

The Language Arts Department includes not only English subjects but also speech and foreign languages (Spanish, Latin and French). The department head, Mrs. Sue Moran, and the rest of the department work toward the goal of giving their students the facilities for communicating effectively in their future years.

Mrs. Christine Morris, Mrs.
Thelma Parker, Mrs. Margaret
Reingardt, Mr. Vic Burke.

Learning to be good citizens

Mrs. Sharon Furman, Mrs. Diane Watson, Mr. Michael Agner.

Humanities, P.A.D., Economics, Psychology and American and World History compose the Social Studies Department. The goals of this department are to make students more aware of their country, world, themselves and others, and in doing so, this prepares them to be civic minded citizens. The department, headed by Mrs. Claudia Bush, is one of the larger ones in Vanguard and provides a well-rounded program.

Mrs. Caroline Cash, Mrs. Claudia Bush, Mr. Melvin Arnold, Mr. John Hankinson.

Learning through experimentation

The math and science departments, headed by Mrs. Alveria Fairly and Mrs. Linda Tuck respectively, is a great credit to our school. They are well-prepared to handle the overwhelming number of students who are interested in these two subjects. The curriculum has been designed to broaden the students' minds as well as to widen their horizons toward a math or science career.

Mrs. Shirley Shellman, Mr. Edward Furman, Mrs. Alveria Fairly, Mrs. Marion Kiper, Miss Virginia Cromartie.

Mrs. Linda Tuck, Mr. Ronald Copenhaver, Mr. Robert Stevenson, Mr. William Thompson.

Learning through training and experience

Mr. Ronald Crawford, Mr. Theron Mitchell, Mr. Ken Holland.

Mr. Ken Rogers, Mrs. Carol Heil

The Driver Education Department and the Physical Education Department work to give students a background for their life away from school. Drivers Ed teaches students the correct rules and methods for achieving safety on the highway. Physical Ed gives students the foundation on which they can achieve physical fitness and good health throughout their life.

Mr. William Wyman, Mr. Paul Carr, Miss Lucille Dixon, Mrs. Ann Carr.

The Business Education Department, under the direction of Miss Lucille Dixon, prepares students for careers in business. Through courses in typing, shorthand and general business and business law, students learn the methods which will enable them to compete successfully in the business world.

Learning by doing

Mrs. Dinah Williams, Miss Leslie Haile.

Mr. William Anderson, Mr. John Sheppard, Miss Lynn Nelson.

The Vocational Department includes Home Economics, DCT, DE and VOE. These classes prepare students for business careers as well as for home life.

Mr. Charles Parker, Mrs. Edith Walker, Mr. Willie Wynn, Mr. Marvin Spinks, Mr. Mike Taylor.

Also included in this department is commercial art, drafting, brick-laying, shop, and agriculture. Students taking these courses are taught many professional skills which they can later use in their chosen career.

FACULTY

Learning through new innovations

Mr. Alonzo Braddon

The band, directed by Mr. Alonzo Braddon, is forty members strong. Although this was the first year for the band, they succeeded in laying down a solid foundation for bands in the years to come. For those students interested in choral music, the chorus, directed by Mrs. Margaret Rice, offered a chance to learn about and to sing all types of music, from classical to pop.

Mrs. Mary Byerly, Mrs. Dorothy Henderson

The Vanguard librarians, Mrs. Mary Byerly and Mrs. Dorothy Henderson, kept students well informed on library procedures and materials. The library was also filled with interesting reading from pleasure to work. Although this was their first year, they succeeded in turning the library into a well-equipped materials center.

The 1970-71 Sophomore Class proved to be an enthusiastic one. Being the first Sophomore Class of V.H.S., they worked hard with true determination to set goals and new traditions for the coming sophomores.

Co-ordinating the bonfire for homecoming week was the first order of business on the agenda for the Class. This was followed by car-washes, bake sales, and other funding projects which aided to the attaining of the Sophomore's many goals.

Sophomores strive to be Seniors!

Crook Squires of '71 #1
"Jn. Class"
"Jn. 1972"

Christi Underwood, Secretary; Pam Nazaruk, Treasurer; Evelyn Weinspach, Vice-President; David Ellsperman, President.

The 1970-71 Squires proved that being in the middle wasn't so bad after all. No longer on the bottom but not yet to the top, the class of 1972 made the best of the situation. Class rings were ordered and received with pride and anticipation. As tradition has it, the Junior-Senior Prom was quite beautiful.

Under the leadership of David Ellsperman as

President, Evelyn Weinspach as Vice-President, Christi Underwood as Secretary, Pam Nazaruk as Treasurer, and Mrs. Marion Kiper as faculty sponsor, the Squires had many money making projects. By popular choice, Connie Kemp, Herby Miller, Bridget Goode and Billy Duley were chosen as Junior Class favorites.

Sponsored by Mr. Vic Burke, the staff worked to create a unique and original annual which would correlate with the theme of the school. Thus, the 'Knight's Legend' was born.

Under the leadership of quarterbacks John Vining and Bill Duley, Vanguard created a football team that will go down in history as a legend. Despite the many difficulties in forming a first year football team, Coach Jewett Springer, with the help of his assistant coaches, unified the players into a team which was second to none.

With hours of diligent practice, from good times to trying times, from an incomplete pass to a touchdown, the Knights surged to victory.

To keep the team second to none, the students and teachers supplied them with an indomitable will to win. Fridays, during football season, became another legend. Students yelled, the band played, the cheerleaders lead the cheers, teachers danced, and sirens screamed until the whole town knew that there was a school named Vanguard. They had a

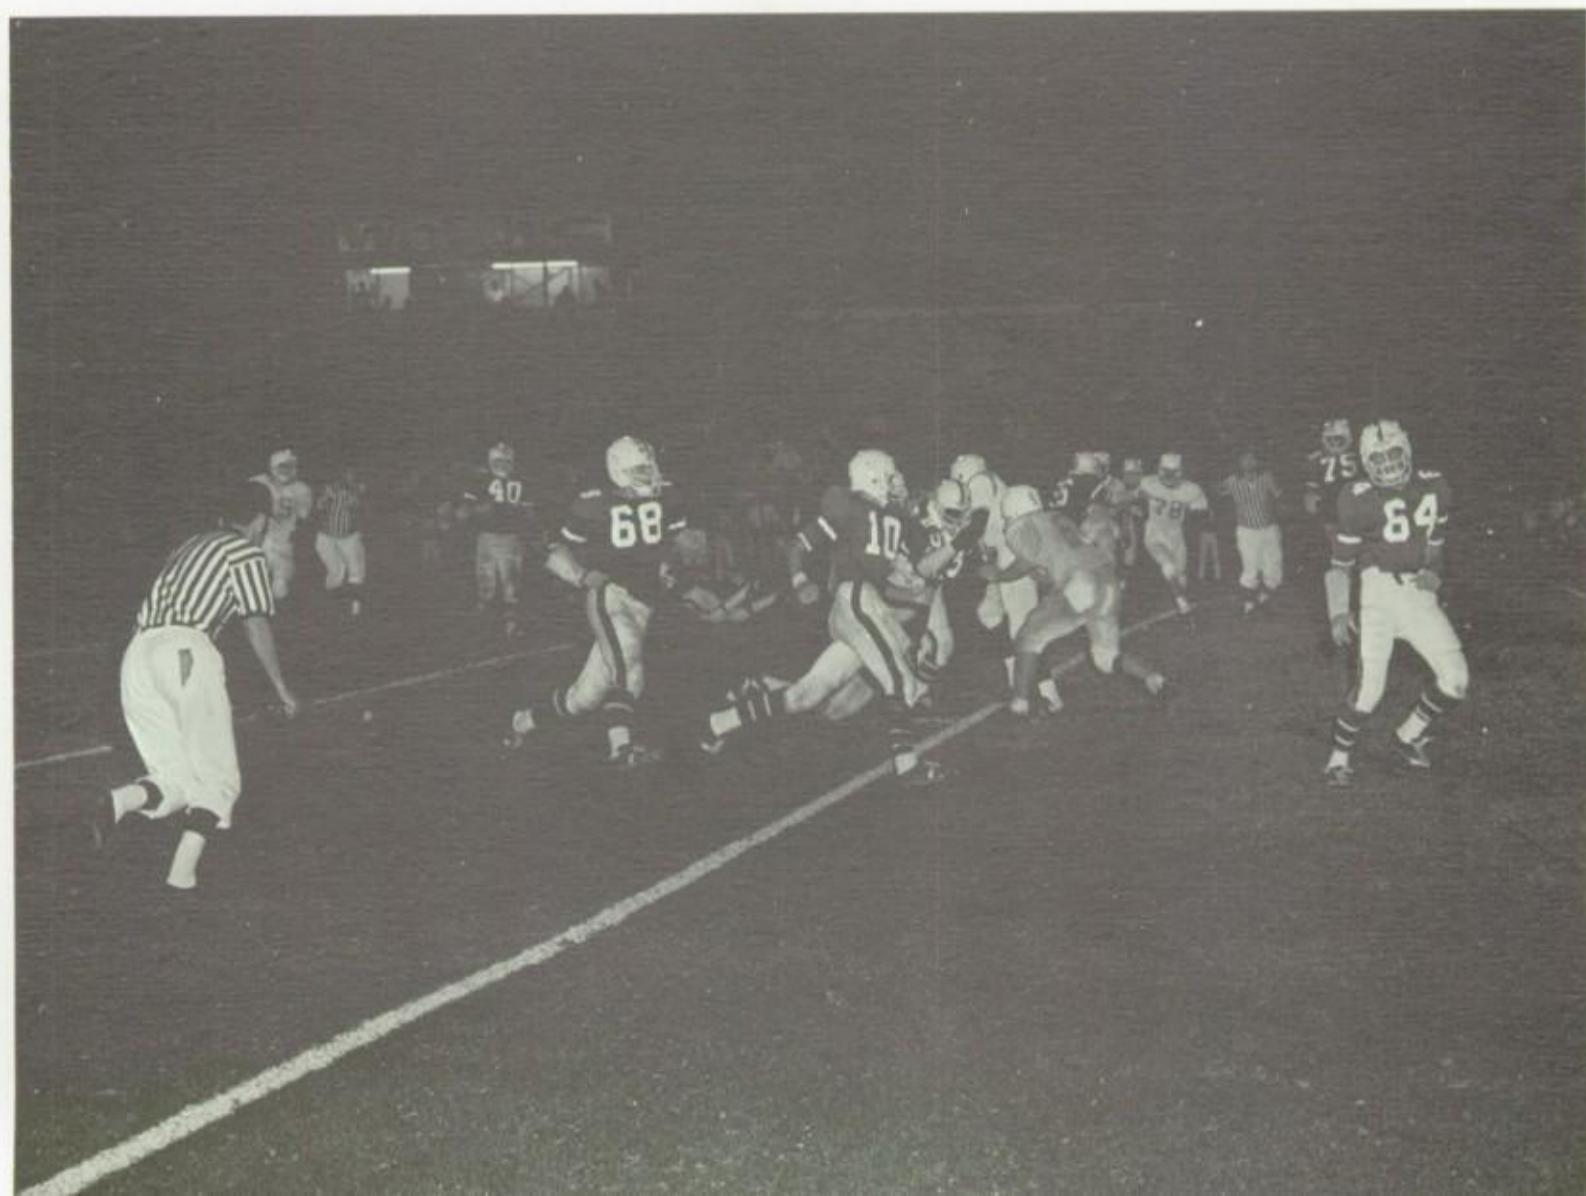

team that the student body wanted to be made known, and made known they were!

With this indomitable will to win, and backed by school spirit that had to be the greatest ever seen, the Knights started their young football career. They opened against St. Augustine and gave a good fight, but lost (8-14). Vanguard then achieved its first victory of the year against Palatka Central by the score of 18-7. The Knights then traveled to Alopka and defeated them 14-0. In another home game, Vanguard defeated Callahan 18-7. Homecoming was the next undertaking in which the Knights were victorious by the score of 35-0. They then traveled to Leesburg, where they won their biggest victory of the year. In a risky game plan, filled with excitement and chances, we defeated the Yellow Jackets 7-6. With three more home games to play, District

fever was in the air. We defeated Auburndale 12-8. We became well-known in the papers and in the town. If we could win the next two games, we had the district sewed up. Tampa Jesuit came to play football against us. They defeated us, along with any chance for a District contest by the score of 7-14. We defeated North Marion (34-0) and closed the season with a 7-2 record. With such an outstanding record, the Knights were invited to Deland to play Titusville in the Christmas Bowl. On a cold night and many turnovers, the Knights lost (22-13). The experience was good for the team, and playing in a bowl for a first year team cannot be overlooked.

A winning team, a winning student body, and a winning season cannot be forgotten for this is history that will go on record in the Knights' Legend.

Homecoming

Knights prove the

Homecoming 1970 was marked as the week of the Joust. It started with a banner contest, Merlin's Magic, a bonfire, and ended with a glorious football game. The game against Green Cove Springs seemed to be another one of those great nights to remember. A 35-0 score will long be remembered in the halls of Vanguard Castle. Half-time was always a sight to be seen. The Drill Team and the band joined to make the biggest human V.H.S. ever to be seen. The football team crowned Drema Meadows the first Homecoming Queen of Vanguard. The Week of the Joust will long be remembered as the Knights showed that they did "Reign Supreme".

Knights of the Round Table

The Knights of the Round Table is the body of students which govern the school. The members are the presidents of all the clubs at Vanguard, both service and interest clubs. The council has sponsored such activities as Homecoming, the Sweetheart Dance, United Appeal, Christmas baskets, the Christmas float, and the Walk for Mankind. Each activity was a success. The Knights of the Round Table provided great leadership for this great school.

This year the Knights of the Round Table were guided by five outstanding students. These people were elected during their junior year in May to start serving in August. The student body officers worked hard during the summer to prepare the council for service. Each officer had a particular job and carried it out well.

Students receive awards

The Daughters of the American Revolution present each year a good citizen award to a deserving senior girl. The chosen girl must possess and have proven such qualities as dependability, service, leadership, and patriotism. She must also represent the best qualities of a citizen in a democracy.

This year Cindy Marshall was the deserving recipient of the citizenship award. Cindy has distinguished herself as a member of the 'S' Club, Latin Club, and the National Honor Society as well as other services to the school and community.

Each year the American Legion Auxiliary sponsors a certain number of girls and boys from each school to attend Boys' and Girls' State in Tallahassee. They are chosen for outstanding leadership ability and various other qualifications. Their goal is to learn the value of self-governing citizens, to become familiar with the duties, rights, privileges, and responsibilities of an American citizen, and to realize the importance of participation in their government as voting citizens. The delegates to the 1970 session, representing Vanguard, were Janis Luffman and Mike Parrott, and, not pictured, alternates Sheryl Jackson and James Young.

The Knights' Legend dedicated to Mr. Rogers

The 1971 Knights' Legend is dedicated to our "head-Knight," Mr. Leon Rogers. Through his determination and dedication, the foundation has been laid to make Vanguard High School a name to be remembered. For his effort in making our days at Vanguard a real Knight's legend, we dub him "Sir Leon."

This has been a real great year for me and the two most exciting things that happened to me was at first being accepted into Tri-Hi-4 and then becoming the new president. I hope I can be as good a president as you have been. I hope that you won't remember me as the girl who went with Mike because that's 8 months of my life I want to forget. Best wishes and good luck.
